A SAFE AND CARING COMMUNITY FOR ALL
UNA COMUNIDAD SANA Y SEGURA PARA TODOS

Dressed to the K9's 2017 Spay and Neuter Fundraising Drive

Not long ago, packs of stray, sick and dangerous dogs roamed our golf courses, beaches and streets. Feral, often aggressive, cats were everywhere. Starving animals, many carrying transmittable diseases, gathered outside our restaurants and hotels. Harassed and frightened tourists considered Los Cabos a resort destination unconcerned with visitor safety or the health of its own community.

Today, this is no longer an issue. The Los Cabos Humane Society's Spay & Neuter Program is making a difference. However, while many tourist sector residence and businesses believe the problem solved, the issue of animal overpopulation remains a reality, requiring the vigilant attention of everyone who benefits from a safe, healthy, and caring Los Cabos.

Our Spay & Neuter Program is the most comprehensive and coordinated program in the region, with mobile clinics serving the colonias of Cabo San Lucas and San Jose del Cabo while reaching outlying communities from Pescadero to Los Barriles. In the last 6 years, over 20,000 S/N surgeries have been performed through our Animal Center and community outreach clinics.

The S/N Program, in tandem with our Community Educational Programs, represent the most viable and humane solution to the ongoing challenge of overpopulation and its consequences.

Local support is essential to the continuation of this vital program. We hope you will consider becoming a surgery Sponsor by donating to the Dressed to the K9's Spay & Neuter Fundraising Drive.

We receive no government funding.
100% of your donation will go directly to supporting our S/N Program.

PLEASE REVIEW OUR SPONSORSHIP OPPORTUNITIES ON THE NEXT PAGE.

Sponsorship Opportunities

This Is How Your Donation Will Be Acknowledged

A banner will be made with your name and/or company logo announcing your donation.

This banner (see sample below) will be displayed.
